The **hunger strike** at Central University of Rajasthan (CURAJ) in Bandar Sindri of the district continued on the **fourth day** on Thursday .

Astriking student who fell ill was admitted to Kishangarh hospital early in the morning. Another research scholar took his place in the **hunger strike**. The **strike** has received huge support from the student community .

While the university administration formed a committee to hear the agenda and grievances of students, protesters claimed that these were not new and asked officials to resolve them immediately .

The condition of research scholar Pushpendra had become worse on Wednesday night and he was hospitalized at about 2am. According to sources, though a large number of students are ready to sit on **hunger strike**, the leaders have decided to continue the **strike** with four at a time.

Protesters raised slogans against the vice-chancellor and administration.
